**Program descriptions**

The following programs are operated by private, not-for-profit organizations licensed by the New York State Office of Mental Health. The programs are supervised by trained professionals who are available (via beeper or telephone) as needed in addition to regularly scheduled on-site hours. Residents are offered Restorative Services and are trained in the following areas:

- Assertiveness / Self-Advocacy Training
- Community Integration / Resource Development
- Daily Living Skills
- Health Services
- Medication Management / Training
- Parent Training
- Rehabilitative Counseling
- Skill Development
- Socialization
- Substance Abuse Services
- Symptom Management

These programs are considered transitional housing. Individuals applying for Senior Citizen / Geriatric CRs (Nassau Only) must be 55 and over. Individuals applying for placement in MI / MR housing must fall between 65-85 IQ. There are three levels of care under the title Community Residence Program:

**Supervised CR (Licensed):**

These programs are supervised 24 hours per day. Overnight staff members are available. These residences typically house 8-12 individuals in one large house. Residents are offered all restorative services (listed above), generally with an emphasis on Daily Living Skills such as cooking, cleaning, personal hygiene, food shopping and money management. Medication is supervised as needed.

**State Operated Community Residence (SOCR) (Licensed):**

This level houses between 10-24 residents, staffed 24 hours a day, meals and social activities provided. Services are the same as above.

**Residential Care Center for Adults (RCCA) (Licensed) Suffolk Only:**

RCCA is a structured environment. This level houses 130 residents, staffed 24 hours a day, meals and social activities are provided. Medication is monitored by staff.

**Apartment Treatment A and B (Licensed):**

These programs typically receive staff visits from 5-7 (A) times per week to 1-4 (B) times per week. There are generally 2-3 residents per house or apartment. Residents are expected to have good daily living skills and be able to hold their own medication. Food is not provided. Instead, residents receive an allowance, which is used to purchase food and cleaning supplies.

**Supported Housing:**

Supported Housing programs vary. Programs may offer individual bedrooms or triple accommodations in individual placement or with family. Individuals residing in Supported Housing pay 30% of their monthly income toward their rent. The rest of their rent is subsidized. Residents of these programs live fairly independently and may receive visits 1-4 times monthly. Supported Housing is considered long-term housing.

**Homeless Housing:**

All homeless programs are subject to the HUD definition of homelessness as there are different regulations for homeless housing.
